Welcome Message

Dear Friends & Colleagues,

Through our efforts we aim at sensitising the neurosurgical community on the high incidence of Complications, their avoidance, their prompt recognition and their better management when they do occur; and eventually learning from them in order to minimise their occurrence in future.

A determined and united effort from all colleagues across the world in a systematic and frank manner has resulted in a greater awareness and concern for pre-empting/minimising Complications, especially as Neurosurgery is still practiced in diverse manner and conditions across different parts of the globe.

Training, resources, volumes of patients, diseases and culture, all are so heterogenous and varied universally, that it calls for a common ideological platform for the discussion of Complications. Through **Mumbai Institute of Neurosciences(MINS)** and the outreach of **ICCN** (its Conferences and Webinars), and the unwavering support of **WFNS** and various National, Continental and International Neurosurgical Societies, we have strived consistently to bring **Complications** in the spotlight. The concept has stirred the proverbial 'Hornet's Nest' and aroused the passion of thousands of neurosurgeons worldwide, who are now also active participants contributing to valuable teaching and learning from our **Neuro Complications platform (neurocomplications.com)**.

We learn little from Success, but an immeasurable amount from its nemesis, the Complications, especially when discussed within a group of honest, open-minded colleagues.

As with our past four **ICCNs** and numerous webinars, we take immense pride and pleasure in inviting you for the **5th International Conference on Complications in Neurosurgery - ICCN 2025**, to be held from **6th to 9th March 2025**. We will again have a Scientific Program that will have many novel sessions based on the central theme of Complications. The venue too, will be a refreshing change from Mumbai to the world renowned holiday beach destination, **Goa** which has the architecture and culture of 400 years of Portuguese presence.

The 5th edition of the International Conference on Complications in Neurosurgery - ICCN 2025 will be taking place in the vibrant paradise of GOA.

Goa is known for its striking landscape, famous beaches in India, astounding monuments and churches and bustling Goa nightlife. Goa is one of the most visited tourist places in India, especially on weekends, as it is not very far from Mumbai and having Panaji as its capital. Goa's biggest draw is undoubtedly its virtually uninterrupted string of golden-sand beaches. This coastline stretches along the Arabian Sea from the tip to the toe of the state, and each beach community has developed its own personality and reputation since the hippie days of the '60s. The **"Peace & Love"** atmosphere in Goa makes it a wonderful place for hippies' lovers.

Goa stands out in India for its Portuguese colonial architecture and heritage. The Portuguese invaded Goa in 1510, lured by the exotic East and the promise of lucrative spice routes, before being eased out in 1961. Their indelible mark is still evident in the state's baroque architecture, whitewashed churches, crumbling forts, colorful Catholic ceremonies, mournful fado music and the stunning cathedrals of Old Goa.

March is a wonderful time to be in Goa as the weather is breezy and cool. This is the time when the seas are calm, edged by soft golden sands and the sky is looking blue with moving white clouds. The low and pleasant temperature makes your stay more enjoyable and memorable.

Being a popular tourist destination and a spot to unwind, Goa is well connected to all the major cities in the country by various means of transport.

- Goa is served by two International Airports, the Goa International Airport, located at Dabolim, near Vasco da Gama (South Goa) and the New Goa International Airport in Mopa (North Goa). The airport caters to scheduled domestic and international air services. More than 40 flights take off from Mumbai to Goa every week.
- Goa also has an extensive roadway network which is efficiently connected with other states of the nation.
- Goa enjoys extensive rail connectivity with the rest of the country. The rail route into Goa is a soothing journey that takes you through some of the most beautiful landscapes of the Western Ghats.
- Today, the high-speed Konkan Railway has a daily train from Mumbai which takes around 8 hours of travel. Goa has two major railway stations — Margao and Vasco-da-Gama, both located in the southern area of the state.

Conference Venue: TAJ CIDADE DE GOA HORIZON, GOA
